

**MEDNARODNI SIMPOZIJ
KARDIOVASKULARNE BOLEZNI
MC MEDICOR SLOVENIJA**

**INTERNATIONAL SYMPOSIUM
CARDIOVASCULAR DISEASES
MC MEDICOR SLOVENIA**

Petek, 15. in sobota 16. decembra 2023
Friday and Saturday, December 15 and 16, 2023
Portorož, Kongresni center, Hotel Slovenija
Portorož, Congress Center, Hotel Slovenia

Prof. Dr. Rene Favaloro, Ljubljana, december 1998

»Strategija razvoja moderne medicine je most med
bazičnim raziskovanjem in klinično prakso«
»The strategy in the development of modern medicine
is the link between basic research and clinical practice«

Organizatorji/Organizers:
MC MEDICOR Slovenija
Univerza v Ljubljani, Medicinska fakulteta
Društvo na srcu operiranih Slovenije

Spoštovane kolegice in kolegi, dragi prijatelji!

Minila so leta in ostali so nepozabni spomini.
Spomini, na dolgo prehojeno pot razvoja ustanove
MC MEDICOR Slovenija.

Vsa leta smo z velikim entuziazmom in skupno energijo
posvetili zdravljenju srčnih bolnikov.

Srečanje posvečamo 20. obletnici
našega dela, v zahvalo vsem sodelavcem
in kolegom iz tujine, ki so bili
v teh dolgih letih del naše skupne poti.

Obletnica je nekaj posebnega,
saj poleg druženja prinaša nove strokovne ideje
in vizijo razvoja ustanove v prihajajočih letih.

Za našo ustanovo je posebna čast,
da je ob tej obletnici z nami izumitelj metode TAVI

Prof. Dr. Alain Cribier.

Vedno občudujemo njegovo delo
posvečeno bolniku in ga skušamo posnemati.

Akad. Prof. Dr. Metka Zorc, dr. med.

Dear colleagues and friends!

Years have passed and unforgettable memories remain.
Memories for the long long journey in the development
of the International center for cardiovascular diseases
MC MEDICOR Slovenia.

All those years with great enthusiasm and energy
was dedicated to the treatment of heart patients.

We devote the meeting to the 20th anniversary
of our work, to thank all our collaborators
and colleagues from abroad who were
part of our common journey.

Anniversary is something special.
In addition to socializing,
it will bring new professional ideas
and the vision of the development of the institution
for the next coming years.

It is a special honor for our institution,
that we can greet among us the inventor of TAVI procedure

Prof. Alain Cribier, MD, PhD.

We always admire
his enthusiastic work dedicated to the patient.

Acad. Prof. Metka Zorc, MD, PhD

**20. OBLETNICA
MC MEDICOR SLOVENIJA**

**20 YEARS OF
MC MEDICOR SLOVENIA**

**Petek, 15. december 2023 / Friday, December 15, 2023
Od 10.00 ure do 17.00 ure / From 10.00 a.m. till 5.00 p.m.**

**UVODNA SLOVESNOST
OPENING CEREMONY**
